Big School

by Yap Chwee-Pheng

Illustrated by Roy Foo

I've just started Big School,
and I'm feeling really cool.
Learning more than A, B, C,
counting way past 1, 2, 3,
packing my books in my new school bag.
It's great to be going to Big School!

I've just started Big School,
and I'm feeling really great.
Taking a ride on the LRT,
I'm growing up, it's plain to see.
Dad and Mum are proud of me.
It's great to be going to Big School!

We've all started Big School,
and we're feeling really cool.
Lining up and standing tall,
taking our pledge in the Big School hall,
learning to sing our new school song.
It's great to be going to Big School!

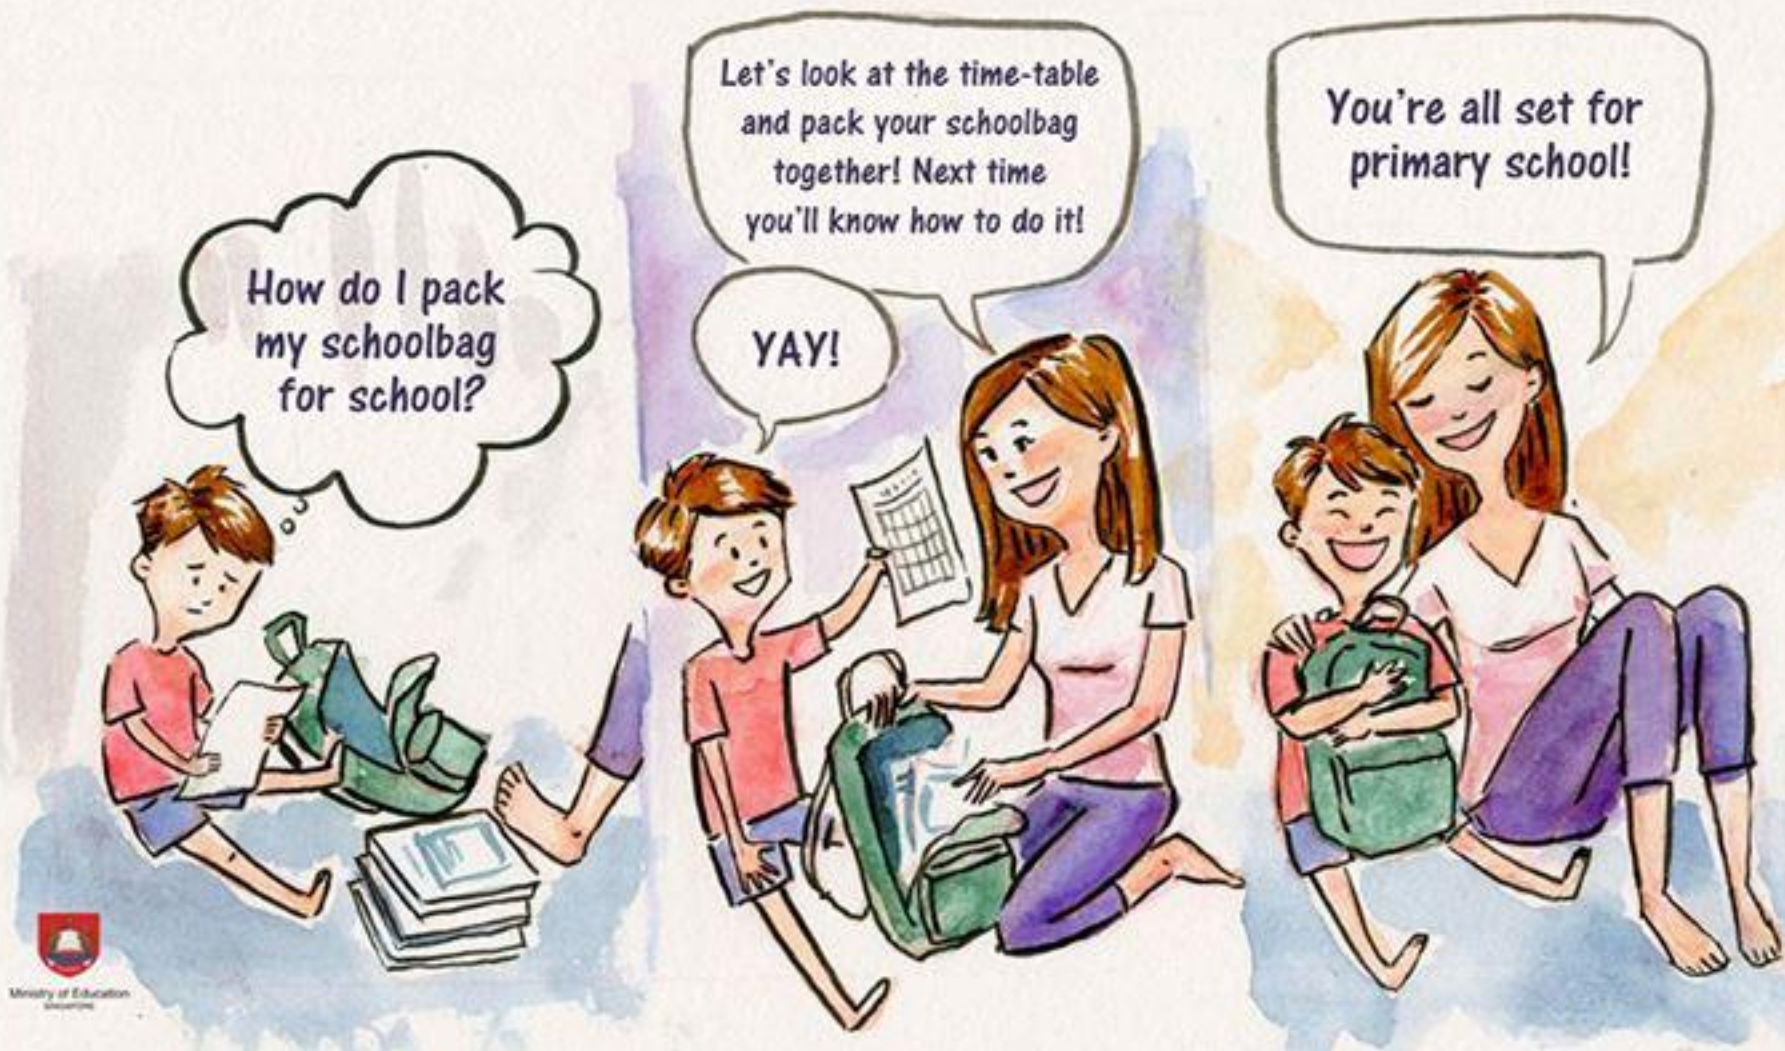

We've all started Big School,
and we're feeling really great.
Saying "Hi!" to our new school friends,
saying "Goodbye" as our first day ends,
celebrating a new school year.
It's great to be going to Big School!

Communicating with Your Child

5 Love Languages for Children

Communicating with your children in their primary love language can help improve communication and strengthen the relationship between you and your children. It helps you to express your love in a way that is more meaningful to them. [Read more.](#)

Safeguarding your child online

Play safe – Avoid online gaming addiction

As a parent, you have a unique overview of the home and school environments that will greatly influence your child's attitudes, beliefs, values and behaviour. You want the best for your child and to help your child get the most out of his/her school experience.

As schools make the shift to 21st century learning, today's classrooms would differ greatly from what you remember of your classroom when you were a student. Guiding your child through this exciting educational journey is a wonderful privilege that parents and educators share. We invite you to
